

“Dangerous Man”

Am G

He seems sweet but  
He says just what they want him to  
Calculations are everything he does for you

He’s a lady killer  
So when you wanna drive his way  
Maybe think twice  
Before you fall for what he has to say

Pre-chorus:

Em Bm Am Em x 2

Don’t be fooled  
He’ll tell you what you want to hear  
Don’t let your heart be ruled  
By the one who disappeared

Chorus:

Am E G Am x 2

Proceed with caution  
He’s a dangerous man  
He knows he’s got you  
Right in the palm of his hand

Verse 2:

He seems sweet  
But the others always think so too  
The skies are clear but  
The ice is still surrounding you

You think you’re in control this time  
He’ll always have a new surprise  
The things he says are nothing but lies

Verse 3:

Swim at your own risk  
If you can’t stay away  
The water looks cool  
But they sun’ll burn you anyway
