

"Island"

By Ava Burnham

Verse 1:

Sometimes I wish I was on an island
White sand at my feet
Coconuts in the trees
Nobody here but you and me

Chorus:

This lonely world makes sense with you
And all you need on an island is two
So let me take you by the hand
I know that you would understand

Verse 2:

On an island I'd have you all to myself
Our house would be made of leaves
Our days would be complete
Nobody here but you and me

Verse 3:

On an island we could do whatever we want
Nothing in our way
We could spend everyday
With nobody here but you and me
