

“Just a Pretty Face”

Verse 1:

How many times I have cried over you
I watched you leave, and now I know the truth
How many times has your beauty deceived me
Mistaken your eyes for a heart of gold

Chorus:

Dear Lord get me out of here
I want to leave this place
I thought I was in love with you
But you're just a pretty face

Verse 2:

I used to pray you'd come back for me
Now I just pray that you'll be gone
Spent all these years waiting
Now it's been far too long

Bridge:

I have cried over you so many times
I have prayed that you would change your mind
Now I know I'll never find
Someone like you

Dear Lord get me out of here
I want to leave this place
I thought I was in love with you
But you're just an empty space

Dear Lord get me out of here
I want to leave this place
I thought I was in love with you
But you're just a pretty face
