

“Settle Down”

By Ava Burnham

C G Am F x 2

I'm twenty-one but I'm ready to be a man
Buy a house and start a family
I'm in love and and this is the next step
The natural thing to do

Pre chorus

F/C

But sometimes when you're off your guard

F/G

Sometimes you say you're not so sure

C G Am G F x 2

You say you gotta
Marry her cuz she's with you now
But you're still young and
you don't have to settle down

And you think you can't get the girl but
You could have anyone
And she'll be lucky
Cuz she'll know that she has
Found the one
Found the one

Verse 2

But she's beautiful she's kind and she loves me
Why wait and see what else there is to see?
If I was just a few years older
Maybe you would see that she's for me

Verse 3

You say I'm young but I say I'm ahead of the game
And she wants the same thing wants to change her name
I already bought her a ring
I already know what she will say
