

“Someone Like You”

You're breaking my heart everytime
But I want to call you and make you mine
I traveled the whole world to be by your side
But maybe somewhere someday, I'm gonna find

Someone like you
Someone like you
Someday I will find
Someone who's just like you

You bring me along, you string me along
But I have plans and I'm gonna move on
I travelled the whole world, but now you are gone
But maybe someone's been there, all along

Someone like you
Someone like you
Someday I will find
Someone who's just like you

And when you called me, didn't know what to say
So I'm gonna go now and I'll go far away
I know you deserve all you have to give
This is your choice and it's your like to live

Someone like you
Someone like you
Someday I will find
Someone who's just like you
Someday I will find
Someone who's just like you
