A E

He was always a real good kid

D A

born and raised in Michigan

Went to college and got a degree

Moved out to start a family

Pre-Chorus 1:

A E D

He never lived his life to the fullest
A E D

but he's still a happy man

But everywhere that you turn your head there's something makes you sad

Chorus

E
And school's starting soon
School's starting soon
D
School's starting soon
A
School's starting soon

An even-tempered guy with a well-paying job

Never gets into trouble
and he never switches sides

Pre-Chorus 1 Chorus

He was always a really nice guy
Not the kind to go around telling lies
Goes to work and does his job
And comes home to the kids and mom

Pre-Chorus 2:

He never lived his life to the fullest but he's still a happy man Counts his change and counts the time He has left on his land

Chorus
