

“Got Me Nowhere”

By Ava Burnham

Capo 3rd

(rap)

Never give up  
Don't take no rejection  
Persevere even when  
The odds are against ya  
you can always be just  
Like jk Rowling  
Got a few rejections for  
She got things going  
Every success  
Was once a failure  
Don't be afraid if  
Ya live in a trailer

G C G C  
But I tried and I tried and I didn't give up

G  
And it got me nowhere

G C G C  
I tried and I tried and I didn't give up

G  
And it got me nowhere

Anybody can be anything  
All ya gotta do is hold on  
to the dream  
If you aren't scared your  
Dreams ain't big enough  
gotta have a thick skin  
Gotta Be real tough  
Shoot for the moon  
You'll land in the stars  
Or that's what they say  
If you wanna go far  
You'll play hard

Be a star  
Yeah

### **Chorus**

Try harder  
Be harder  
Keep pushing yourself  
You gotta have awards  
Piling up on that shelf  
You gotta be the best  
Beat the rest  
Ace the test  
There only 7 billion people  
But you gotta beat the rest  
Don't miss your chance  
Don't end up bitter  
You can be as famous as Krystn Ritter
