

Last Song

Verse 1:

You and me I couldn't let us go
You said to me I think you should know
I think you're the one I can't let you go
Out of sight of mind nobody knows

Chorus:

And I think this'll be the last song
I write about you
And it won't be easy but I'm
Gonna have to live without you

Post-Chorus:

I tried real hard to stay
But you just push me away
You make me feel bad and
That's not really fair

Verse 2:

And when get tough you always go away
You fade into the distance with every single day
But when things are good you show up at my door
Pretend like nothing's wrong and just keep asking me for more

Verse 3:

And like I thought you show up again
You say that you want me like you always did
But not this time I gotta let you go
We can't go on like this I think you should know
